ATS is a fusion of genres, blending influences from Middle Eastern and North African dance, as well as elements of Flamenco and of Rajasthani Folk Dance.

Utilizing traditional music and distinctive costuming, ATS presents a modern format with the "feel" of antiquity, ever-respectful of the cultures which inspire it.

Mother-Daughter Tribal was established in 2010, in the northern suburbs of Chicago. Our purpose, beyond simply teaching classes, is to promote not only a feeling of well-being resulting from the very physicality of dance, but also the sense of community that develops amongst the dancers as they master the steps and establish the rapport that will enable them to perform together with confidence and joy.

We welcome all dancers of all ages, all shapes and sizes, all identifications and backgrounds. Mostly we encourage inter-generational participation.
